

Club Colours (And All That Goes With It)

It was nice to hear some glowing remarks on the new strip worn by our Reserves and Firsts last week. I believe it would be 50-50 on which shirt was more popular, white or blue. When this club was first founded as Skye in 1978 green was our main colour and this was not changed until our entry into the Provisional League. However, amid all the changes, "that little bit of green" has always been kept, but white has now become our predominant shirt colour. Over the world teams are remembered by their club colours eg. Liverpool red, Rangers blue and Celtic green and white. Let us hope in years to come that Frankston United will be equally as recognizable.

LAST WEEKS RESULTS

Frankston United	0	V's Berwick City	2	Res	6-0
Williamstown	4	V's Brandon Park	1		1-1
Brunswick City	1	V's Westvale	1		1-3

BRANDON PARK
Saturday
March 14th, 1992
Kick-off (Reserves 1pm, First XI 3pm)

PROVISIONAL LEAGUE — DIVISION ONE

Frankston Gossip

Victory is sweet and a loss, well, a time to reflect on why we didn't do enough to win.

In wins or losses evaluation of the game should occur. Coaches are always striving for better performances. Players should be the same.

Last week the First XI played enough good soccer in the game but never really showed the hunger like BERWICK to win the game. Teams of a lesser ability than ourselves have to have a different approach to the game. BERWICK's was a continuance of pressure, and allowing us to play to a point and no further. Analysing all last weeks results reminded me of last season when the league was so even that any type of result could occur and did occur.

HORACE BAULK, 'H' to his many friends, is unfortunately in Frankston Hospital but on the mend. We are assured and we hope it is not too long before he his back in the stand on Saturdays.

TOMMY WALL, another regular supporter, has 'migrated' to Bendigo but promised to call in whenever possible.

UNCLE ERIC, another valued supporter, is also off to Queensland to live. We gather he's already packed a canoe to combat the various monsoon rains they seem to have up there.

WES MOORE, has accepted the Reserve coaching position for season '92. Popular with the younger brigade we wish WES every success.

Good to see DENNIS BENNET on the field for the Reserves. With a wealth of experience DENNIS can only be good news for the players around him.

The Sunday Bayside teams are already in training and waiting for their big kick off. The Over 35's team are probably the keenest of all, still getting a 'kick' from putting those boots on each week, though not really for training purposes : the match is the main consideration.

The Bayside League is entering it's 15th year and has contributed to the growth of the game on the Peninsula and surrounding areas. Clubs like ourselves as SKYE, SEAFORD, HAMPTON PARK, CRANBOURNE, KARINGAL, ROSEBUD, MORNINGTON, LANGWARRIN and BAXTER all owe a great deal to the League. Fixtures should be out shortly and if anyone is interested in watching a Sunday match please contact any club official.

The format of this programme will be undergoing changes soon. Plans are underway to print a 'glossier programme' to maintain the image of the club.

One player not seen in action this year is KEITH MURDOCH, a regular for a few seasons. However, on the grapevine, his comeback could be in one of our Bayside teams.

Today's visitors BRANDON PARK are no strangers to us. During our time in lower Divisions we had many hard contests with them. We welcome them into Division 1. The club itself is of Armenian heritage, one of the few in Australia, emphasising that soccer is indeed a world game.
