Seniors Report

We welcome to days opponents Frankston Pines, who have had some very good results of late, their most recent being a great win over previous league leader Oakleigh, winning 4-1, they are currently lying sixth on the table.

They come to Strikers today encouraged by the result they achieved last week, and will no doubt give us a hard game today. Good luck to both teams.

The result last week was very disappointing, not because of the way that we played, but by the way that we were treated by the referee and one of his assistants.

The team played very well and we were by far the better team on the day and dominated for much of the game, but once again we were robbed by some atrocious refereeing, which appeared to be just blatant cheating by the referee.

In the first half the referee awarded a penalty to Westgate which was in my opinion a very soft one, fortunately they were unable to score due to an excellent save by Strikers keeper, a short time later we were awarded what appeared to be an even softer penalty, maybe this was an even up by the referee?, and we managed to convert thru Winker.

We went into the rooms at half time one up and still playing very well. The second half became a farce when the referee allowed a goal that was clearly three yards offside to stand, waving away the assistant's flag, everybody at the ground was amazed by this terrible decision. Strikers to their credit continued to pressure Westgate and scored what appeared to be a very good goal by Trevor Johnson, after Chris Traynor had headed the ball back from the goal line, the referee deemed the goal to be offside from his position on the edge of the penalty area. Soon after this Westgate scored again from a blatant offside position, and once again the goal was allowed to stand.

Is it any wonder that the players and officials get frustrated. Having said all that we should have had the game won in the first half, when both the two new signings missed a one on one with the keeper, and late in the second half Billy Inglis missed an easy tap in, well it looked easy from where I was standing

100 Today

Did you know that Andy McKenna is 100 today, we know that he still looks quite young for an old fella, but Andy will play his 100th game for the club today. Andy has been a loyal, and hard working player for this club for a number of years, and has been instrumental in the past success that the club has achieved. Andy we thank you for your contribution, and wish you well for the next 100 games

Your Say

The question I asked myself after last weeks loss ' how can Russell Black get the boys up and ready for today's local derby. The immense disappointment of goals given and not given is typical of a team playing without any luck whatsoever.

Having watched the squad in training over quite a few weeks, it is obvious that despite everything the team spirit is very high, and strong bonding between players is evident, and as we enter the second half of the season this could be very important if we are to survive in Division 1.

We know the strength of the other clubs and results to date, in many games they could have quite easily gone in our favour and not against.

The National leagues decision to demote Eastern Pride could mean that four clubs could be in the relegation zone this season.

Have long been a follower of the brand of soccer Russell produces, his coaching skills have seen many of the players playing ability raised to a new level. Having been a professional player in the UK Russell's professionalism might just be the bonus needed to ensure that we continue to play in Division next season.

Before closing today's programme, there are four people that I would like to mention, who work in the background but make a vital contribution to the club, firstly Billy Buchanan (Bucky) Assistant first team coach and a person who shares Russell's problems, and has helped so much in the club Division 1 Soccer.

Andy McClean, club Trainer this season who continually keeps players on the park.

Sammy Wright reserve team coach who since arriving has taken bunch of young guys and has started to make them into a good competitive side.

Graham Bulk, who on every home game marks out the ground, puts up the nets, and after the game takes the nets down.

Thank You Guys.
