Ten Year Reunion Programme

Saturday 19th June 2004

STRIKERS ON THE NET

[Http://www.frankston.soccervictoria.org.au](http://www.frankston.soccervictoria.org.au)

Presidents Report.

I would like to welcome everyone to our club on this our tenth anniversary. We have seen many changes to our club over the past ten years, some good and some not so good. From the first year in the Provisional league we have been as high as the State league division one and are now sitting at the lower end of State league Division two. Russel Black, our senior coach, has been with this club for the whole ten year period and has done a sterling job in keeping us competitive on the park throughout this period. Our style of play has always been good to watch, even when we have struggled to get results.

When we amalgamated with Karingal Soccer Club we had a very strong junior base and one of the major regrets at the moment is that because of our very poor training and junior playing facility we are unable to field many junior teams this year. This has meant that we do not have junior players coming through the club and we do not have their parents getting involved on the club committee. We have been constantly at the Frankston City Council to fix up our playing facility. Our Clubrooms on the other hand have had a major upgrade. All the work being done by Frankston Strikers members.

There are many people that I would like to thank for all the work that they have put in over the years. I will not mention individuals for fear of omitting someone, but would like to say that without these people we would not have a club.

Finally I would like to thank everyone present tonight for their part in this clubs development and would hope that their support will continue in future years. Frankston Strikers has been part of my life for many years and I, my wife and family have made many friends over the years.

Kind Regards,

Chris Reynolds

Senior Coach Report

When Frankston Strikers appointed me coach I never thought that 10 years later I would still be here.

During this time a lot of players have come and gone, but everyone who has been involved with the club over these years has played a part in the success we have enjoyed.

Over the past 10 years we have always tried to play an entertaining and exciting brand of football. I'm sure most people would agree that we have brought some quality footballers to Frankston over the years, and that has resulted in the club being where it is today.

Over the past 10 years not only have we had quality football players but also characters in abundance, too many to name, but I'm sure that everybody that has played at the club will have fond memories of their time here.

I hope that you all have an enjoyable evening and help us celebrate the 10 year Reunion of the Frankston Strikers Soccer Club.

Lastly I have been asked to nominate my team of the Decade, I know that this will create some controversy, but I'm sure it will provide a talking point during the evening. I have chosen the team not necessarily on ability but on their performances at the club.
