St. Albans' goalscorers were Pleban 2, Beinroth and Landherr. Wilhelmina Watson 2.

St. Albans now have won three Cups this season — Seymour Cup, Sydney Cup and the Reserve Cup.

Peter Ermstrong, St. Albans' president, celebrated with the team after the game but had one disappointment.

His wife was not with him to share his excitement — she was in hospital following an accident when she fell on broken glass.

.....
● Willie Dallas, the former Melbourne player, is looking for a coaching position and can be contacted at 38 Burns St., St. Kilda.

● Brian Adam, Croatia right winger, was on the playing staff of English non-league club Gloucester City at the same time when Ollie Norris of Hakeah was manager there.

POLONIA WANT TO MERGE

Polonia, the State League club, have approached up-and-coming St. Albans with a view to an amalgamation next year.

St. Albans, who won the Reserve Cup on Sunday and also won the Second Division championship, are calling a meeting this Wednesday to discuss the proposition.

A club official said yesterday that Polonia had asked them to link up, suggesting "this would benefit the two clubs".

Peter Ermstrang, St. Albans' president, said he would not comment at this stage.

He had called a meeting of old and new club members for this Wednesday to discuss the matter.

St. Albans would issue a statement later this week.

Croatia forward, Billy Vojtek, heads for goal with the ball at his feet.

● Longest serving club manager is Matt Busby, of Manchester United, who last month completed 20 years as the club boss. To mark the occasion United directors gave Matt 500 ordinary shares of the club. A small fortune in itself. For with the new £300,000 United stand completed, the total ground is valued at £500,000. Add the value of the present team, and the club's assets are about a million pounds. As the total issue of shares of the club only number 4,500, Matt virtually owns one-ninth of United.

● Spanish born Miguel Campo is a real international figure kute the bargain. He was educated in France, emigrated to the U.S.A. and is married to a Canadian girl. Question: Who would Campo play for if chosen for the World Cup?

.....
● Alan Cousin, the Dundee inside forward or centre, has been transferred to Hibs for a substantial five figure fee.

New Secretary for Juniors

John Wren, one of the leading officials of the Waverley club, has been appointed secretary of South of the Yarra Junior Federation.

He succeeds Tom Markus who has been appointed vice-chairman.

John has been released from his Waverley duties to help the juniors.

Ted Thornton, of Langwarrin, is publicity officer.

Well done!

● Hats off to the Victorian Federation. It was a splendid thought to present Mrs. Mary Dockerty to the Dockery Cup final sides, Croatia and Slavia, before the start of the game on Sunday. Chaperoned by Theo Marmaras and Nino Borsari, the wife of the founder and donor of the Dockery Cup, Harry Dockerty, who died early this year, caused a big impression among players with her friendly words to them before they kicked off.

● Dinko Gulin, the former Juventus and Croatia wing half or forward who is now working in Adelaide, may soon be transferred to a South Australian club. Gulin is still on Croatia's books.

formity.

I mean lack of uniformity a States in their policy making, competition set-ups and above duration of the playing season.

And the interpretation and a of the rules in regard to protest disciplinary and a thousand and points are so varied and wide the various States they would "Rafferty" blush.

The ailing Soccer public throughout this vast nation are sick and tired of endless silly and stupid ideas being churned out quicker than you can say "Jack Robinson".

.....
good ideas put the way are seldom implemented and get lost or are thrown overboard with the hundreds which are meaningless and have no significance or importance in regard to the future of Australian Soccer.

.....
Self-centred interest of the individual States with little regard for the well being and future of the game in general is retarding the growth of Soccer.

.....
Until such time that uniformity is reached on the many problems of the game in Australia the selfishness of officials, clubs and States will remain a bug bear to the game.

Peter Keys their best

Peter Keys, the brilliant Box Hill half back, has won the club's best and fairest award for 1965.

.....
He received his trophy from Mrs. Mary Dockerty, wife of the late Harry Dockerty, former president, at the club's presentation night at Mirama Court, Mitcham, on Friday.

.....
The 23-year-old Keys has rendered great service to the club and fully deserves the honour.

.....
Norman Voce won the Reserves best and fairest. Trophies were presented to the Reserves for winning the Reserve championship for the third year in succession.

.....
The evening was well organised by the social committee.
