FRANKSTON CITY

SOCCER CLUB

SEASON 1970

METROPOLITAN LEAGUE

DIVISION TWO

versus

TRIESTINA

Official  
Programme  
10c.

### CITY CHATTER

Welcome once again to the North Seaford Reserve for our second home game of the season. Today's match is against Maribyrnong Triestina. Triestina is an Italian supported club and was relegated to our division from Division I last season.

We take the opportunity to welcome the Triestina Committee, players and supporters to our venue and hope they enjoy the afternoon's action, win or lose.

Triestina was a State league club a few years ago and was relegated to Division I in 1965. Being one of those clubs in areas where it is not easy to pick up young players, they have found the going hard to keep a strong side without buying players. This is not always easy and clubs like Triestina, Moreland and Sandringham suffer from being in bad areas for migrants and youth. We can count ourselves very fortunate with the young migrants in our own area to call upon for the future. Anyway a team from the above division can always be reckoned a strong side and we look forward to points but not without a battle. As long, that is, as it is not the kind of battle there was at Moonee Ponds last year in that stormy friendly match, which we won 3-2. Ugly scenes that should not be repeated.

In England's dismal years as a Soccer force before the recent revival, there was one thing a "Pom" could always be proud of - that luscious, perfect, unequalled Wembley Turf.

As an Englishman I nearly cried when I saw that Wembley pitch, for the Leeds V Chelsea Cup final in such awful condition. In contrast, however, the game itself was skilful, exciting and sporting as surely it should be. Players gave nor asked no quarter and were just as eager to pat an opponent on the head after a strong tackle.

This was great to see with so much at stake and brings to mind the plaque on the wall of the Cerberus Club at Crib Point of which some players may well be reminded. It says:-

#### A Sportsman

Plays the game for the games sake  
Plays for his side and not for himself  
Accepts all decisions in a proper spirit  
Is chivalrous toward a beaten opponent  
Modest in victory and generous in defeat.

A couple of additions to our already sizeable playing staff. Howard Dixon, the bearded goalkeeper is a fine recruit. Howard is a Lieutenant in the Navy at Crib Point and a fine acquisition to the club.

Jim Brown has his debut today, Jim was signed from Park Rangers in the week and loves to score goals, well let's see. Also, Bob Simpson from Wilhelmina. Bob played with the Dutch side several years ago, and after a break has taken up the game again. One sad miss however is Mick Mail. Mick has recently married and is in temporary retirement we believe. John Walton is back in good health and is always at our games. John may begin to train next season, which may be very handy for us - John being a fine goal getter.

Hope you enjoy today's game.

Cheeric.

Report:-

A thrilling game, end to end play finishing at a fair result. Supporters may say that we should have had both points, and with a little luck we may have. Frankston's 4-3-3- system seemed to be working well on the opening exchanges, and the strength of Benton, Houston and Parrott was giving us the edge. Papoutsakis had little to do in the first half with the Blues defence well on top. It was left now to find an opening in attack. We found one but did not use it to advantage. Keith Lawson taking on his full back repeatedly got past, leaving him floundering. This could have had the match sewn up but ended up with no goals coming from that side. Mick Benton scored the first, leading in a bouncing throw-in whilst the Albion defence stood still, Alan blasted in the second to give us back the lead after Albion had equalised. He was given the chance on the left by the diminutive Tom Flynn, coming on in the last twenty minutes for the injured Bill Lewis.

In fact Tom showed the forwards how, taking on anybody who came. Best for the Blues were Keith Lawson who must have beaten his man a dozen times; Billy Papoutsakis, a fine game in goal and Ron Cummings although possibly the blame for one goal, wasn't beaten all day by the giant Pears who scored twice the week before for Albion. Anyway a pleasing game for us, always hard to get points away from the rovers at Selwyn Park.

Report:

A great win by the second team beating last season's reserve division champions. It was almost stolen however by a dodgy unofficial referee. A dubious penalty for handball gave them a goal to peg one back from the two goal lead Frankston had taken. We must have one of the strongest second strings in the league, and many players of good calibre from which to choose. So keep it up lads, let's get both Pennants this season.
