CITY CHATTER

Good afternoon once again to North Seaford Reserve. Today we welcome Ringwood United to our home ground for the first time. We extend a cordial welcome to their players, committee and supporters and hope they enjoy our amenities. Seems we only have sad things to report of late and with our defeat at Keilor, we are really in the proverbial pooh! Still 5 games to go however, and we have far from given up. Two wins may well keep us in this division after one of the most eventful seasons in the club's history. Prahran and Springvale are both still struggling and only a match in front of us, so we are in with a chance. Seems we always have a struggle. If its not at the top of the league, as in the last 5 years, its the relegation zone. Three refreshing thoughts I would like to give you however. One, we could stay up on points, two, if the National League is formed next year we won't be relegated anyway, and three, in the event of relegation, I would bet we'd be certain champions next season and move to Baxter Stadium a champion side. I think we all would prefer the first, so let's hear it and take it from here. We have but 5 weeks to salvage some good from this eventful injury laden, mistake filled season. We are a much better side than we think and given a restart we would be well up the top I'm sure. Our last home game is against Preston Makedonia in two weeks. We do play Rosebud on September 3rd at home in the Federation Cup, a competition we could do well in. The Reserves, always a strong point of our club, have moved up one place further to third and comparing our relegation challengers reserve sides, it shows the difference between the clubs in playing strength. The next Dance is on August 14th at the Angler's Hall, music as usual by the Enterprise. Don't forget the Indoor Games Night with fish & chip supper in the clubrooms this evening. Admission 40¢.

Cheerio for now.....NB.....

CLUBMAN'S CORNER No.8

JOHN P. WARD

This week's personality clubman is the 3rd team Manager, John Patrick Ward. "Uncle John" appeared on the Frankston Scene early this season through a contact with Fred Birkinshaw, with whom he works at G.M.H. At G.M.H. John is a Quality Control Inspector. He is married to a delightful young woman, Ruby May, and they have four kids - Maxine 6, Mathew 7, Sharon 9 and the eldest Robert who is 15 and hopes to join the Navy shortly. The Wards live on the Pines Estate. They originate from Lewisham in London where John was born. John used to work in a Green-grocer shop and Ruby May at Cross & Blackwell's up the road. As Ruby May walked past the shop, John used to toss her an apple --- aint love grand. Well it blossomed from there and they came to Australia in 1957. On the Socc

On the Soccer scene, John played as a Winger in his youth and represented Bromley District Schools and the Kent County Under 13 side. His favourite player was Stanley Mathews, favourite Frankston player is Alan Parrott. John obtained a coaching certificate on the coaching course earlier this year and has coached the Pines U 12 and U 14 sides before joining the Blues.

The popular 3rd team Manager, John Patrick Ward, is a welcome addition to the Frankston Club this year and we wish this likeable cockney well in our Club.

PERSONALITY PARADE No. 8

MICHAEL BEVIS

This week's P.P. I didn't have to ask any questions - it's my twin brother, Michael. Mick is at present the Reserve team Coach, a position he held last season and did so much with the youngsters within the club. One youngster he gave much attention to was Bob Adam, now the first team Centre half. Mick was born in Paddington, London in 1939 a half hour ahead of me - that accounts for the difference in our ages. Soccer was a very early interest and Michael I remember playing in a pair of the Old Man's undies sewn up the front for shorts back in the early 40's. The first notable achievement however, was not at the beloved game, it was cricket. Mick was picked as opening bat of the school side, a 13 year old amongst the 15 and 16 year old seniors. Back to soccer. A host of medals for League and Cup victories with Junior sides in Middlesex before joining Ruislip Manor in the London Spartan League. Two seasons there brought personal success when picked to represent the League on the Right Wing against Cambridge University. National Service saw Mick in the Military Police serving in France and later in Nottingham. Soccer success here also, playing in goal of all places for a S.H.A.P.E. Forces XI, selected from Belgians, French, German, Italian and English troops. Whilst in Nottingham, 65 goals came from his Centre-forward position in the MP's Midweek League from 22 games. Resuming on the London scene after National Service, Mick found himself playing for Harrow Town, Rayners Lane and Southall in the Athenian League. In the strong Chiswich League, Mick at Inside forward now found himself in the League representative side as a 3rd Division player. In 1966 he came to Australia with wife Margaret and daughter Michelle. A plumber by trade, Mick is out of overalls working now as a Research Auditor. Margaret, a qualified hairdresser, is a barmaid at the plush Beaumaris Hotel. They now have a son, Mark, just to keep the M's in fashion, aged 2. Mick joined Frankston in 1968, probably past his prime as a player, but he has given great service to the club as a player or coach. Won the runner-up Best & Fairest in 1968 for the Reserves, the Best & Fairest last season as well as the Player Clubman trophy. He has great tactical knowledge of the game and is a constant student of it.

TEAMS FOR TODAY
