Chivers! I'm glad I haven't got the problem, however I have an idea that the problem will solve itself, because our lot of players can't get enough professionalism installed in their brains to realize that arguing with a referee will get a yellow card, three yellow cards make one weeks suspension, ask Danny McClusky he's got his! We have others lining up for it, Bruce, Cris, Shaun, David, Kevin, Gavan, Ian all have Points, perhaps they are afraid of Nigel's axe and would rather the Ref. omit them.

Mike Bevis.

PLAYING STAFF NEWS:

The main news at the moment of course is the signing of ex England International Martin Chivers for a few guest games, starting at the end of the month. I think that this can only be good for the Club in general.

Apart from the obvious lift it will give the team, it will also give us all a boost through Social Functions, Bar, Counter Teas and of course bigger gate receipts.

With the assistance given to us by a few major sponsors, who I will name in the next programme, it shouldn't cost the Club any money at all to bring this world class player to Frankston. In fact if the gates improve the way we hope, we could end up in front. But the most pleasing aspect of the whole exercise has been the magnificent response of you, the members of F.C.S.C. in your donations that have allowed us to complete the deal.

3.

Three months ago we were all hearing stories of Soccer Club members pulling against each other, your response to this venture lays those rumours dead, and proves we are all in this together as Frankston City, and that, as I say is the most gratifying thing looking at the team now after six games, allows us to reminisce a little, last year when we started the 1979 season if we could have looked into a crystal ball and saw we would finish in the top 4 we would have been elated. In fact, as you know we finished joint top and lost the title on goal difference, and what should have been a magnificent season, suddenly became a disappointment.

This year, at the start it was being said, "If only we avoid relegation, all would be well". After six games and six points I feel the job is being done by the players and coaches.

We have a blend of experienced players and youngsters working well together, and the younger players are responding well.

Sean, Parton, Kevin Wall and Chris Valle are performing better than we dared hope, having been thrown in at the deep end, so to speak.

Billy Whiteside and Nick Lowe are having a very calming affect at the back and with Danny McClusky producing typical captains performances each week, midfield and frontrunners are trying hard. I don't believe it's as bleak a picture as we all first thought. With Chivers up front for a few games I believe that we can forget about relegation and instead think about making the Top 4.

Del Lines, Chairman,
Match Committee.

RESERVE NEWS:

The potential of the Frankston youth playing in the Reserve squad this year has been evident during the first 4 games this season.

Whilst the experience of senior squad members Peter Martinovic, David Luca, Gavan Runje, Ian Williamson has proved most valuable to the team, the younger players have adapted to Reserve standard very well, with Mark Watson, Keith Towers, Ken Iles and Kevin Burrough blending excellently with the team.

Although the points have not come Frankston way, only ill fortune has robbed them of complete success.

Comments heard from spectators, and also from opposition teams have been complimentary, and the teams overall performances to date has been equal to standard of their opponents.

Players still to come into the side after injury are Ken Ructen, Bill Deliyianne and the youngest of all Allan Wright (16) which indicates the depth of talented youth still available.

BIRD OF THE MONTH: DONNA PEPPER.

When Keith Pepper was appointed Coach of the U/16's we didn't realize his wife came with the deal, but we were delighted to see an ex model with Raven black hair descend upon us shortly after. Donna, who works hard for our Social Side is a stunning looker, just 20 with a small son Jarrod. Donna turns heads wherever she goes, without being flashy she graces our clubrooms, the boys are pleased.

FRANKSTON CITY NEWSLETTER, MAY 1980.

OUR VISITORS: CROYDON.

Croydon with exactly the same points as us are a strange side, without any great players to put a name too, Alan Pongho, Jimmy Wylie are class players apart from that I can't find anything, but Duncan Smith who really impressed me at Martin Peters debut for us last year. Duncan rarely left his side and spoiled the top class performer everybody was waiting to see. I'm sure he wouldn't worry about that. Norm Hobson is an established coach who is economical in his work, he's got results though, without really being flashy. We would like to welcome them here to McClelland Drive and wish them the Best of Luck but our Boys are going well, I fancy we'll take two points this time, but it won't be easy.

Mike Bevis.

Good News is always welcome at our Club, Del Lines having clinched the deal with Martin Chivers was the bst news we have had this year. Obviously our financial situation doesn't warrant us spending on an overseas player, but because (although our finances are running smoothly) we do have a need for increased financial income, the Chivers deal contrary to what some might think, is simply a speculation to accumulate situation, obviously Nigel Bevis will be delighted to have Martin around but who will he leave out? Bobby Adams temporary front runner? who some scoffed at when appearing up front, is currently 2nd Top Scorer in the League, above all the names, French, Bennie, McMillan, Cullen and Most Important Noel Mitten, and anybody will tell you scoring is easier in a better side. Kevin Wall? a young man from the Pines just 19, "ran as anybody I've seen play for Frankston" somebody said! Well let me tell you Kevin is improving surprisingly, so much so he's getting Votes, above better players in easier positions, and he's got the same amount of goals as Mitten, McMillan, Ward etc. Will it be Bruce? We would be wingless if Bruce went, although he is showing indifferent form he usually does enough damage to warrant his place, some days he's electrifying. I still think we haven't seen the Best of him. Personally I think our front 3 are doing well, they are missing chances of course, but so are other teams obviously, let's look at Midfield then, perhaps that's where there is room? Billy Buchanan our 'pointless signing' is our Top Votegetter, and showing some pure class at times, ask Len McKendry, Dave Cooper simply doesn't get noticed, the graft he does during a match would make most players shudder, don't believe me? watch David and ignore the ball for 15 mins. you'll get my point. Willie Coulsen is a bit of an enigma, has good and bad games, his distribution sometimes makes me gasp with the vision of it, and sometimes he gets totally lost. He's unequalled at Free Kick situations. Well some problem eh! Where to play Martin
