19-6-82

At home to Croydon, Frankston played a reasonable game with the wind, going in at half time 1-0 (goal R. Reader). However, one had the feeling the one goal was insufficient.

A Frankston goal kick was not cleared properly and Croydon scored. The visitors then proceeded to show Frankston how to use the wind to advantage although City had a few near misses, at least two of which could easily have been goals. One in particular by Rab Stewart rocked the cross bar.

All in all, though, City did not play the soccer they are capable of as they showed us in their previous three games including v Juventus at Olympic Park (even though we lost 0-3).

Frankston can and will improve. They are capable of upsetting any team providing they keep fit and don't suffer any more injuries in the squad.

26-6-82

Away to Doveton, playing good soccer but unable to finish. Frankston found themselves down 0-1 at half time against the run of play. In the second half with ten men (Graham Tutill being sent off) Frankston still had more of the play and pulled back to 1-1 (goal by Paul Drinoczky) after a few near misses by both teams. Despite missing out on the two points, it was a good team effort with Frankston on top in the second half. Colin Mitchell saved a certain goal by heading off the line.

4-7-82

The 0-5 loss at Green Gully could be put down mainly to inexperience against an expensive team of ready made players. Also, Frankston was missing Graham Tutill, Carlos Goncalves, and ~~Frankston~~ ~~Paul~~ ~~Cooper~~ Kevin Wall played his first game in five matches with the reserves. His early return to match fitness should help a lot.

P.S. Sunday's team was almost as depleted as our cup tie teams!
