

Billy Armour's Testimonial

On behalf of

Frankston Pines Soccer Club

Frankston Pines Soccer Club will be celebrating Billy's 10 Years playing with the Frankston Pines.

Billy joined the Club back in 1993 when he was just a young boy. He has been coached by several coaches since and was an important element for the Pines making it to the Premier League in 2003. His persistence and dogged attitude has given the fans much enjoyment and the opposition much pain and the referees heartache. All in all Billy is a valuable and quality player, enjoyable to watch, he is often surrounded by controversy, however his love for the world game is evident with his outstanding performances each week.
