Dear Players and Supporters,

I am honoured to accept the position of head coach at this **proud** and **passionate** club.

Over the last two (2) years the "Strikers" have struggled to stay in the State League and it is my job as head coach to make changes and to support the club to succeed. This will not be an easy task and won't happen overnight, but I can assure you it won't be for the lack of commitment or dedication on my behalf.

When I was appointed to take over the coaching role half way through last season, the first thing I noticed was the lack of fitness – this year we are going to be proactive not reactive and start with reassessing fitness in our team. If players don't think they need a pre-season then I ask you to take a hard look at yourselves and the last two seasons – be truthful with yourself!

Players who want to play next year are being asked to report for pre-season training on Tuesday, December 12, 2006, for a 7:00pm start. This will enable me to assess who is serious about challenging for the league and who is committed to lifting the club to where it really belongs!!! We will have three (3) sessions before Christmas and resume on Tuesday, January 9, 2007.

I am looking forward to not only the support of the team, but the support of the "Strikers Supporter's" old and new. Without these supporter's there would be no club.

Regards,
